

**MAYDAY!
MAYDAY!**

**INCOMING SECURITY
QUESTIONNAIRES**

A CALL FOR HELP

- Security and IT teams are over-burdened with completing security questionnaires
- Sales may be lost or delayed for months while waiting for information to be gathered and prepared
- Breaches of third-party supply chain providers are ratcheting up pressure to demonstrate strong security controls
- Sales personnel are not always up to speed on the latest security controls for the company
- Incorrect or delayed questionnaires can jeopardize deals
- Companies have little to no insight into how their security reputation can negatively impact sales
- Teams can't keep up with the volume and depth of security questionnaires

YOUR DISTRESS CALL IS HEARD

WHAT OUR CLIENTS ARE SAYING

"We've been really happy to know that CORL is there for us - to ask questions about industry changes and what might be coming up, and knowing you have the knowledge. Working with the CORL security assessment questionnaire response has improved our security program and helped us better understand what the industry and our clients are looking for in controls and policies and procedures."

- Director of e-Business & Information Security, Healthcare Data Analytics Company

"The CORL MARRS Service helps us with our process and is cost-effective because it allows us to organize our responses and our thoughts. We are getting tremendous value out of our investment. Very comfortable with the value and with the services."

- President, Emergency Company Servicing Healthcare

Contact our team to learn more our managed risk assessment and response services and how we can handle the burden of responding to security questionnaires for you and your team.

CORL is a leading provider of tech-enabled managed services for risk management and compliance for healthcare organizations. CORL gets results by scaling organizational and vendor risk programs through our healthcare vendor clearinghouse, dashboard reporting that business owners can understand, and proven workflows that drive the organization to measurable risk reduction.
